Trailer: 2016 Aquamarine Model TC-14K-2 Trailer Conveyor

TC-14K2 Aquamarine Trailer Conveyor comes with a hitch mounted power pack, loading/unloading winch, and a frame mounted movable floor conveyor system.

Trailer performs four functions:

1. Transports harvester to and from job site.
2. Loads and unloads harvester into and out of the water.
3. Performs as a hauling transporter for wet cut vegetation
